Update your AdSense application

A few quick fixes are needed to get your account approved.

Review your application

A few tweaks and you’re ready to earn

Thank you for your interest in Google AdSense. We've reviewed your application, and there are a few things you'll need to adjust before it can be approved. Once you’ve done so, one of our specialists will review your site for compliance with our Program policies.

You can also review What to do when your site is not ready to show ads to get your site AdSense-ready.

Need more help? Check out these resources:

Learn how to complete your AdSense account setup.

Discover AdSense best practices in the AdSense Help Forum.

Access your account and get tailor advice based on your needs by visiting Your AdSense help page.

Learn more about AdSense Program policies and Terms and Conditions.

Pro tip: Want approval? Focus on your content.

Issues like insufficient content or content quality are common and easy to resolve. Learn more about why your site wasn't approved and how to fix it.

You can also view these videos to understand how to ensure your site aligns with Google Publisher Policies.
